Concerning you request:

I would like to obtain all records sent to, from, or copied to city officials that meet the following parameters:

- Emails sent to, from, or copied to email accounts ending with "@vocal-ky.org" from January 1, 2023 to the present (July 21, 2025).
- Emails containing the non-case-sensitive text strings "VOCAL-KY", "VOCAL KY", or "VOCAL Kentucky" from January 1, 2023 to the present (July 21, 2025).

- Emails containing the non-case-sensitive text strings "723 S Brook", "723 South Brook", or "723 Brook" from January 1, 2023 to the present (July 21, 2025).

The search returned 38,481 records. Generally, review of an email will take from three to five minutes per email in order to determine if it is responsive to your request and whether any exemptions may apply that would require the withholding or redaction of protected information. In this case, it would result in our review taking from 1,924 hours to 3,207 hours. "[P]ublic employees 'are the servants of the people as stated in the Preamble to the Open Records Act, but they are the servants of all the people and not only of persons who may make extreme and unreasonable demands on their time.'" 17-ORD-268, p.5, quoting 00-ORD-72, p.3, citing OAG 76-375, p. 4. It is not possible to provide these records to you within a reasonable time frame as no employee is able to work on this request full time. Your request is denied as overly burdensome.
